Commencing with Japanese NPO JARA, the AAEF is organized by automotive recyclers associations in Asia region. Since the committee held the first conference in Seoul, Korea in 2008, it has been taking place every year in Asian countries, and this year's conference is 11th AAEF. The committee members are as follows:

■ NPO JARA (Japan Automotive Recyclers Association)

Mr. YU, Jeongsoo Ph.D., Tohoku University Dept of International Environment and Resources Policy Graduate School of International Cultural Studies, AAEF Japan Secretary General

Mr. Soshō Kitajima, NPO JARA Managing Director, JARA Corporation Chief Executive Officer

■ KARA (Korea Automotive Recyclers Association)

Mr. Lee Sang Uk, Chairman

■ MAARA (Malaysia Automotive Recyclers Association)

Mr. Gwee Bok Wee, President

■ ARAA (Auto Recyclers Association of Australia)

Mr. David Nolan, Executive Director

■ AARTI (Alliance of Auto Recovery Technology Innovation)

Mr. Chen Ming, Executive Vice Chairman and Secretary-General

Ph.D., School of Mechanical Engineering, Shanghai Jiao Tong University

■ MOARA (Mongolian Automotive Recyclers Association)

Mr. Chagtaltulga Davaadash, Vice Chairman

Conference Hall

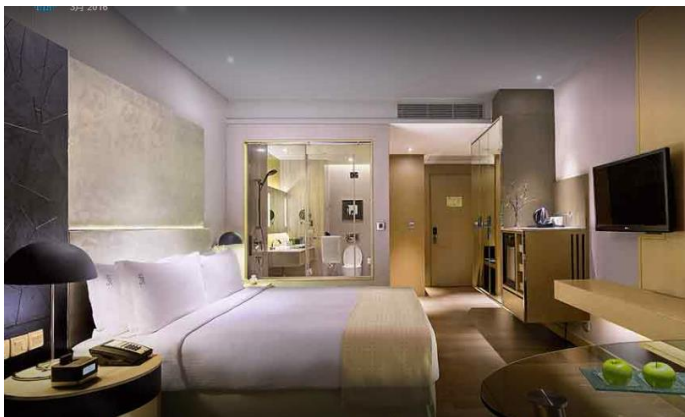

Free function area in front of the hall

Enough capacity for around 150 guests

Room

Placed next to the airport, a room is well sealed for soundproofing, very quiet and peaceful.

Every facility, like room, restaurant, and bar, is well designed. It can be said we can enjoy the same Holiday Inn quality of a developed country.

Surroundings

Right next to the Holiday Inn, a brand new shopping centre are developed. That is the highly well designed shopping centre, like ones in a developed country in Asia as Singapore. No traffic congestion, noise, harmful dust are seen in that area. It is very safe, clean and peaceful place, where an overseas guest can enjoy staying.

Some area is still being under construction. This drawing is a conceptual shot of the shopping centre.

We will invite guests and speakers of a key figure in constructing effective and sustainable automotive recycling system in a future India.

■ SIAM (Society of Indian Automobile Manufacturers)

SIAM has a team for Automotive recycling, and chief of this team, Capt. Mohan Ram plays important role in establishing automotive recycling in India. He has attended several international conference like IRT, and well know each other with JARA.

■ MRAI (Metal Recycling Association of India)

MRAI is a quite huge and influential association in India, organizing many activities like an international conference aiming for establishing material recycling industries as the official and formal in India. In the conference held in August 6th and 7th 2018, MRAI invited Shri Nitin Jairam Gadkari Minister of Road Transport & Highway, and Dr. Rajiv Kumar Vice Chairman, NITI Aayog, very influential and important figures in India. NPO JARA and Mr. David were invited to that conference, acquainted with MRAI president, Mr. Sanjay Mehta.

■ NITI Aayog (National Institution for Transforming India)

NITI Aayog is a government agency for creating a policy. It is Hindi standing for Policy Commission. It has a strong interest in sustainable development , co-hosting the international conference in August 6th and 7th with MRAI.

- Presentations will be made by automotive recycling experts in Asian countries, Japan, Korea, Malaysia, Australia, China, and Mongolia, as well as guests from other overseas country.
- Among delegates from overseas countries, Toyota Tsusho which is a trading company of Toyota Motor group, KOBELCO CONSTRUCTION MACHINERY CO., LTD., which is the prominent construction machine manufacturer supplying high tech dismantling machine to automotive recyclers, and JARA Coporation

Thank You!!
